CHURCH OF CHRIST

Due to the scheduled film series Focus on the Family beginning October 10, we are not going to resume youth meetings on Sunday night until after the film series has concluded Nov. 21.

The first meetings for youth groups will be held on Nov. 28 at the church. We want everyone of our Sunday school teachers and youth sponsors to see Dr. Dobson in his film series and so are delaying resumption of the youth meetings which meet at 6:30 PM on Sunday evenings until after the showing is completed.

Christian Workers meetings for September will be Sept. 24, with Viola Roberts as hostess, with lesson by Gertrude Lindquist; and Penny Miller as hostess with lesson by Mickey Tuttle, on Sept. 27.

High School juniors and seniors are reminded of HI'ER School Days at Minnesota Bible College in Rochester, Oct. 21 & 22.

Again let me remind you that we have Bible School classes for all ages, beginning with 2 year olds every Sunday morning at the church. We have your choice of 4 classes for those out of high school, so we have one that would be suited to your desires. They all meet at 9:30 AM Sunday.

We also have 5 different Bible Study groups, some meeting at the church, some meeting in homes, they meet either Wednesday or Thursday evening and are open to your choice.

Contact the church office for further and more specific details, and the names of someone in the group you can contact.

FERTILE GARDEN CLUB

The Fertile Garden Club met August 10th, at the Library with Carrie Luther and Ethel Tuttle, hostesses. Eleven members gave a tip for slipping plants for roll call. Arlene Lee gave a canning poem for the Thought for the Day. A lesson, "Dividing, Planting and Care of Peonies", was given by Alice Kingland. The entire club joined in gardening problems and answers.

Tips for September from Garden Club members are:

- 1) Time for spring flowering bulbs to be ordered or purchased and planted.
- 2) Perennial borders can be dug up and replanted. Even bearded iris, usually divided in early summer, can still be split up and reset at this time.
- 3) Seedling plants of biennials can be set out where they are to flower in 1983.
- 4) Don't be too concerned about the first light frost. Most plants will survive and go on for another few weeks.

FRENCH VISITOR

During August, Ann Hargrave and family were the host family of a young lady from France named Christilla de Bry d'Arcy. Christilla came from Marseille under a program called NACEL (North Atlantic Cultural Exchange League) which also sends American students to France and West Germany.

While staying with the Hargrave family, Christilla exchanged many ideas with them about differences and similarities between France and the United States. She had a chance to go to the Iowa State Fair, to an old-fashioned melodrama, to a rodeo, attend a local church service, visit the Twin Cities, play miniature golf, attend a Queen rock concert, visit Michigan and the states between here and there, attend the Calgaard-Van DenBosch wedding and the shower for Robin Tuttle to mention a few things.

The Hargrave family felt the experience was rewarding and fun. They would encourage others to consider it in the future. The family also wishes to express a big thank you to the Fertile Community for helping make Christilla's stay so nice.
